

**| SPECIAL EXHIBIT "POWER2DRIVE INDIA"
SUPPLEMENT TO THE INTERSOLAR INDIA 2018 APPLICATION FORM**

Show the latest trends and innovations

Solar will be a key for the electric mobility revolution. Introduce e-vehicles such as cars, bikes, commercial vehicles with innovative power drives or present charging infrastructure solutions at the special exhibit Power2Drive, taking place at Intersolar India from December 11–13, 2018 in the Bangalore International Exhibition Centre (BIEC).

Make the most of an audience of international trade visitors who are particularly open to e-mobility and register now!

**| AT NO EXTRA COST, PARTICIPANTS OF
THE SPECIAL EXHIBIT WILL ENJOY**

The special exhibit Power2Drive will be widely promoted in:

- All marketing channels of Power2Drive and Intersolar India (print/online)
- Special onsite signage and branding

High media attention and free marketing benefits

- Your company name, logo and company profile will be included in the online exhibitor list of Intersolar India
- Promotion of the special exhibit Power2Drive in Intersolar India visitor newsletters (10,000 recipients)
- Your logo will be included in onsite print and online marketing materials related to Power2Drive India
- Logo placement onsite at special exhibit boards

Access to potential customers

- Address your customers directly by deploying your own staff and by distributing and displaying information material in the special exhibit area
- Display your products on the show floor (number depends on type of product and space requirements)
- Opportunity to provide your EV for test driving to potential buyers at the dedicated Power2Drive Test Drive

By signing the attached application and this supplement, we confirm our participation in the special exhibit Power2Drive at Intersolar India 2018.

Notwithstanding the services, obligations and prices specified in the application and in the general terms and conditions, the following applies to participation in the special exhibit:

- Admission to the special exhibit is also possible outside of the product categories listed in the application, but does not entitle to regular participation in Intersolar India 2018
- Participants will be included in the regular exhibitor list, with the designation "participant special exhibit"
- The special package price for exhibitors is only provided to Electric Vehicle/Charging Station Providers, and includes listing in the Event Guide and Event Directory of Intersolar India
